Mobility Exchange programme for SME staff

HOST COMPANY

Do you want to expand your business in the EU or strengthen your already existing partnerships?

Do you wonder how to receive newer and fresher ideas from experienced employees?

Do you want to develop new technologies and skills in your company?

Participate in the **first Mobility Exchange programme for SME staff - MobiliseSME!**

An initiative of the European Union

MOBILISESME. WHAT IS IT?

The **MobiliseSME** is the second pilot project of a Mobility Exchange programme for SME staff. The programme has several **Local Contact Points** in the EU *(Chambers of Commerce, Foundations, Innovation Agencies and Incubators)* that will help you to register in the matchmaking platform and to find a SME to collaborate with. MobiliseSME allows using the scheme to boost collaborations or projects taking place between two companies.

- It gives the chance to develop skills and capacities for SME staff;
- It boosts new business ideas in different EU markets;
- It strengthens SME's already existing partnerships.

WHY TO BE A HOST COMPANY?

It is a WIN-WIN relationship. YOU and YOUR company will:

- Get fresher ideas from peers in wide fields of expertise;
- Participate in a scheme where you will develop new skills, knowledge, innovation and technologies;
- Further develop products and services of your business;
- Get access to international markets and the opportunity to establish new partnerships;
- Keep already existing partnerships in the EU.

HOW DOES IT WORK?

MobiliseSME provides **practical and financial assistance** for Small and medium-sized enterprises *(SMEs)* and their staff *(employees, managers and owners or co-owners)* who stay for a short period of time with another SME ***(Host Company)*** in another EU country.

Staff remain employed by the Sending Company during the period of the secondment. So, the participant you are hosting is still employed by his/her company in his/her home country.

There are no deadlines or calls to participate. The MobiliseSME project works on an on-going basis. The temporary exchange may last a minimum of 1 month and a maximum of 6 months.

For the matching process and supporting services, diverse Local Contact Points are available for the arrangements in several European countries. Even if there are no Local Contact Points in your country, you are able to participate → **Go to MobiliseSME website and click on the Local Contact Point section**.

YOU CAN PARTICIPATE IF...

- You are considered a **Small and medium-sized enterprise** (UE definition of a SME). One-man enterprises and some liberal professions are allowed to participate. Larger companies may participate only as Host Companies.
- Your SME is legally registered in an EU Member State; Iceland and Norway in accordance with the EEA Agreement; Albania; Republic of North Macedonia; Montenegro; Serbia and Turkey.
- You have a serious plan or intention to conduct **business abroad** and are willing to welcome **other EU companies** in your premises..
